Ju'nis

I never was mother of the year or best mother in the world,but one thing i did know was i took care of my child and tried to give her everything she needed even if it ment giving her up so she can have a better life.I though as i sat inThe Bluedale Heights County Jail.Questions floated around in my head while i though about who i was gonna call to help me.To help my child,she was only ten years old i regret her seeing me act the way i acted,do the thingr i did,talk the way i talked.I started my life off wasteing it,i had been on my own since my mom had died when i was ten years old,all i could do was run the streets with my older brother Jaseson,what ever he did i had to do...or so i though.So when he started selling drugs for one of the citys well known Drug Dealers,of course i had to do it..only to keep up with Jase.I was loved among the dealers,only because i was twelve and jaseson was friends with Dime the top dog in the game,sitting in that cell thinking about Dime made

me remember the first time i met Him.Being the age i was at the time i was too young to cell so i just had to help out where i could...mostly in the kitchen with a bunch of other women who found there way into the business an had been workin for Dime since before i was born.Dime was a tall light skin guy with long curly hair,a deep voice and he allways kept hisself clean with Armani Suits on sundays and blue jeans and a white tee on monday thru saturday.The only reason i was introduced to Dime was because the fact we only had 3 choices go to a foster home,be split up,or live with Dime and work for him.My first day in Dimes house was terrible i was the youngest one in the house so whenever i asked for something people would just give me a stank look and point like i knew my way around.The only one who really understand me was Dimes daughter Brittana,she was a year older than me and only came around on the weekends.My thoughts were rudely interupted when one of the police officers asked me to come and tell him wha happen at the mall on 5/4/09.

Chapter 2

Chaseing the whatever chapter two/Brittana

Brittana

A knock on the hospital door starttled me as i lay there in pain "C..mon in"even hearing the clicking of the door opening made my head throb"Who are you?"I asked leaning my head to the side To the side & one eyebrow up.Hello Mrs.Sparkx im Linda Cardwell from the bluedale county investigation office,I'M here to ask a few questions about what between you and Ms.Ju'nis Sparkx on 5/4/09,do you think your well enough to speak on this?"Yes,um have a seat"brittana said struggling to lift her arms."If i may ask how do you know ms.sparkx!"well we use to be girls i mean best friends i met her when

i was eleven,she was ten we metcause my dad and to tell you the truth i was only friends with her cause her brotha was so fine,but yea like i said we use to be cool!!"So tell me what made you befriend her?"Hold up i didnt befriend her she befriend me and arn,t you suposed to be askin me about what happen at the mall?"Yes,but i also need to know what lead up to it also,you are aware that you are faceing jail time also RIGHT?"...No i wasn't i dont see why im the one in the hospital!"Yes you are Mrs.Sparkx but"...interupting her brittana said..Just call me Brittana okay."Well brittana i understand you are in a hospital,but the mall sercurity and several witnesses stated that they saw you pull a weapon screaming:I will kill you and your child if you mess with my man again,another saw you charge at ms.sparkx with the weapon.Now if you want to play the victum role i promise you wont get the justice you think you want..so you can play victum or just tell me the truth,which will it be?"Okay,Okay dont play that reverse-psychology mess with me lady look i will tell you what happen.Brittana said takeing a deep breath and rolling her eyes.

brotha came and told me that he got married to her too and man i was pissed i loved sparky but i should have known we wern't ment to be cause he neva treated me like a wife and he was allways out,so when i found out they neva got a divorce that gave me a chance to stop this marriage once and for all"So you divorced him?the detective said sounding like he could'nt wait for the next part of my story."Yep i wasnt surprised when he hurried up and signed those papers,but the faster he signed the more it hurt me to say goodbye,because like i said I loved him."So when the divorce was final what happen?"Duh bra what you think he went back to her,i heard she was pregnant thats why he jumped at the chance of a divorce with me."So were you and brittana ever friends?"Actually we were so close everyone though we were sisters."So at the mall what things was she yelling?"she said B if you ever talk to my man again u will be sorry i will kill you and yo kid too then she ran up to me like an wild crazy animal and attacked me I told my daughter to move and grabbed her by her nappy weave cause she had my shirt and threw her to the ground,i dont know when she pulled the

knife so when i tried to run i grabed her wrist while she jabbed for my stomach and scratching my neck we fell and she got stabbed"point blank period,ju'nis said with a straight face.The detective was so shocked all he could say was"WOW"
